Eduard Josef Wimmer-Wisgrill was a private student of Koloman Moser and studied under Josef Hoffmann at the Vienna School of Arts and Crafts, among others. He helped the Wiener Werkstätte, where he worked for over ten years, develop a number of first-class designs for a wide range of different objects.

Wimmer-Wisgrill designed our children's cutlery in 1912 as a one-off piece for Miss Hedwig Marx, as the original sketch reveals. Hoffmann must have liked the successful design, as he put it into production. After Wimmer-Wisgrill left the Wiener Werkstätte in 1922, this model was published as a design by Josef Hoffmann and included in the 1928 sales catalog.
