KLIMT MICHAEL NIEDERMOSER
ATTR. CA. 1900**

€16.000,00

grandfather clock, case design attr. to Michael
Niedermoser, copper work by Georg Klimt, circa 1900

Dimensions

24 × 39 × 208,5 cm

This elegant grandfather clock combines the finest Viennese watchmaking craftsmanship with high-quality metal design. The case, clearly structured by its vertical alignment, was designed by Michael Niedermoser, while the artistic appliqués are the work of Georg Klimt.

The metalwork impresses with its precision, stylized forms, and harmonious restraint. The clock has a monthly movement and chimes every half hour. An exemplary interplay of technology, design, and artistic ambition.
