9 purple stem glasses decor Meteor, Koloman Moser,  
Meyr's Neffe, ca. 1899, crystal glass

---

**Dimensions**

18 cm

The "Meteor" decor by Koloman Moser was used for whole sets, as well as for single glasses. This model was not part of a complete table service and was distributed by the Wiener Werkstätte and Bakalowits in Vienna. The glasses were produced by Meyr's Neffe in Bohemia. The purple version is particularly rare.
