

**VASE JOSEF HOFFMANN LOETZ
KRISTALL BLASENGLAS CA. 1914**

€18.000,00

Vase, Josef Hoffmann, Johann Loetz Witwe, Kristall
Blasenglas 435 decoration, produced 28.03.1914

Josef Hoffmann probably designed the decoration of this beautiful vase for the exhibition of the Vienna Kunstgewerbeverein in 1914. It was only used extremely rarely, and our glass object is even a unique piece with a well-documented production history. Hoffmann's preferred combination of geometric austerity and floral delicacy is particularly impressive.
